

**Procurement  
Australia**

Celebrating  
Thirty Years

Dear Procurement Australia member,

Procurement Australia is now offering a software environment where Members can request a quote (RFQ) from Suppliers who are on a Procurement Australia Contract Panel.

All you will need to do is login, chose an appropriate Panel Contract, select the Suppliers you want to invite, upload your RFQ specification document and the distribution of the RFQ is handled by TenderLink.

This simple to use solution will:

- Improve productivity by streamlining the RFQ process, and
- Improve the probity process through increased transparency and audit trail creation.

Please express your interest in accessing this new service by emailing [tenders@pald.com.au](mailto:tenders@pald.com.au) with the contact details of your employees you wish to have this RFQ capability.

Procurement Australia will set them up as a User within our [TenderLink](#) portal and if needed one of our staff will spend time showing them this easy to use RFQ interface.

TenderLink will streamline our tender process, improve the notification process, improve transparency and reduce the time and cost for you and our suppliers.
